

OUR GOALS

PRESERVE: We are working to set aside huge tracts of land to provide permanent grazing areas where the wild horses can run free... safe from encroaching development and safe from human predators. Our ultimate goal is to open the "Comstock Wild Horse Sanctuary."

EDUCATE: We believe that horses can play a very special role in bringing people closer to nature and to understanding the delicate balance that exists on our planet.

HOW YOU CAN HELP

Who We Are

As an entertainer, I have traveled all over the United States. After years of exploration, I chose to make my home high in the Nevada mountains near the historic town of Virginia City. I wanted to live in a place where wild horses still run free, near people who continue to value their history and their heritage.

The Let 'em Run Foundation was created to preserve and protect these beautiful, gentle horses who have played such an important role in our western heritage, and to make sure they are here for future generations to enjoy. These animals have truly earned their place in the sun. Please join us in our quest to... "Let 'em run."
